WALKER STATEMENT ON STATE BUDGET

MILWAUKEE – County Executive Scott Walker issued the following statement on the Assembly and State versions of the state budget:

"Both the Assembly and Senate versions of the state budget have items that are good and bad for Milwaukee County. Now, I want to encourage the members of the Conference Committee to do more for local governments than just create a committee on mandates. We need relief from state mandates or the resources to meet them during the next two years, specifically in areas like juvenile justice and mass transit. "
